From  &  Furniture with Personality

A good neighbor program to provide free office furniture to aide a deserving small business get back on its feet after being devastated by Hurricane Ike

The owners and employees of J.Tyler Office Furniture & Services, a 26 year old family-owned award winning furniture dealer in Houston, and National, a nationally recognized leading manufacturer of quality office furnishings, understand the sacrifice and years of dedication it takes to start and maintain a business. Additionally we both understand the value to the community of respectable, reliable and honest hardworking people and how critical it is to have them involved in our lives and our business community.

To some of our business neighbors Hurricane Ike has dealt a devastating blow. Many have lost their ability to do business. Their employees have had their lives upended by their loss of income and possibly their jobs.

Through the generosity of National, J.Tyler Office Furniture & Services has arranged assistance to put one of these companies back on its feet by donating a full suite of offices at no cost. The recipient will be chosen based on need and where the most good can be done for the business community, the company, and its employees.

Applicants or nominees must be Houston based, family-owned or independent established business in the community and have suffered a total loss from Hurricane Ike. If your business or a business you know is qualified, fill out this application and email it to longbothamj@jtyler.com or you may contact us at 713.468.2166 and ask for Gary or Jennifer Longbotham.
